The Honorable Jocelyn Boyd  
Interim Chief Clerk of the Commission  
Public Service Commission of South Carolina  
Post Office Drawer 11649  
Columbia, South Carolina 29211

Re: AT&T South Carolina's Petition Requesting the Commission's  
Intervention in Numbering Resources Determinations -  
Charleston Rate Center  
Docket No.

Dear Mr. Terreni:

BellSouth Telecommunications Inc. d/b/a AT&T South Carolina ("AT&T South Carolina") respectfully encloses for filing a Petition for Expedited Review of Numbering Resources Determination in the Charleston Rate Center in the above-captioned matter.

**AT&T South Carolina respectfully requests that the Commission vote on the Petition, which affects AT&T's customer Boeing, during its February 10, 2010 meeting.** The Office of Regulatory Staff ("ORS") has authorized AT&T South Carolina to state that the ORS supports both AT&T South Carolina's Request for Expedited Review and AT&T South Carolina's request to reverse the NANPA/PA's numbering determinations addressed in the Petition.

As explained in the Petition, on February 4, 2010, AT&T South Carolina received a letter from Boeing requesting "3000 consecutive numbers" for its new 787 Dreamliner Factory in North Charleston, South Carolina and informing AT&T South Carolina that Boeing requires that the first 500 numbers be installed at the site by March 1, 2010. Given the required installation date and the significance of this new facility to the state's economic development efforts, AT&T submitted its requests for these numbering resources to NANPA/PA the very next day – February 5, 2010. As explained below, NANPA/PA denied this request.

The Honorable Jocelyn Boyd, Esquire  
February 10, 2010  
Page 2

AT&T South Carolina is concerned that the Commission may not meet next week because of NARUC, and the next regularly-scheduled meeting likely would be on or about February 24, 2010. A ruling on that date would give AT&T South Carolina only five calendar days to either meet Boeing's deadline (if the Commission were to grant AT&T's Petition) or work with Boeing to make alternate arrangements (if the Commission were to deny AT&T's Petition). AT&T South Carolina, therefore, respectfully requests the Commission vote on this Petition during its February 10, 2010 meeting.

By copy of this letter, I am serving a copy of this document on all parties of record as indicated on the attached Certificate of Service.

Sincerely,

A handwritten signature in black ink that reads "Patrick W. Turner". The signature is written in a cursive, slightly stylized font.

Patrick W. Turner

PETITION REQUESTING THE COMMISSION'S	)	DOCKET NO. 2010-____-C
INTERVENTION IN NUMBERING RESOURCES	)	
DETERMINATIONS	)	
_____	)	

**PETITION FOR EXPEDITED REVIEW  
OF NUMBERING RESOURCES DETERMINATION  
IN THE CHARLESTON RATE CENTER**

BellSouth Telecommunications, Inc. d/b/a AT&T South Carolina ("AT&T South Carolina"), pursuant to rules adopted by the Federal Communications Commission ("FCC") for challenging numbering determinations, petitions the Public Service Commission of South Carolina ("Commission") to expeditiously review a recent denial of AT&T South Carolina's application for use of numbering resources in the 843 area code, and to do so during its February 10, 2010 meeting. The Office of Regulatory Staff ("ORS") has authorized AT&T South Carolina to state that the ORS supports both AT&T South Carolina's Request for Expedited Review and AT&T South Carolina's request to reverse the NANPA/PA's numbering determinations addressed below.

**REQUEST FOR EXPEDITED REVIEW**

On February 4, 2010, AT&T South Carolina received a letter from Boeing requesting "3000 consecutive numbers" for its new 787 Dreamliner Factory in North Charleston, South Carolina and informing AT&T South Carolina that Boeing requires that the first 500 numbers be

installed at the site by March 1, 2010.<sup>1</sup> Given the required installation date and the significance of this new facility to the state's economic development efforts, AT&T submitted its requests for these numbering resources to NANPA/PA the very next day – February 5, 2010. As explained below, NANPA/PA denied this request.

AT&T South Carolina is concerned that the Commission may not meet next week because of NARUC, and the next regularly-scheduled meeting likely would be on or about February 24, 2010. A ruling on that date would give AT&T South Carolina only five calendar days to either meet Boeing's deadline (if the Commission were to grant AT&T's Petition) or work with Boeing to make alternate arrangements (if the Commission were to deny AT&T's Petition). AT&T South Carolina, therefore, respectfully requests the Commission vote on this Petition during its February 10, 2010 meeting.

#### **REQUEST FOR REVERSAL OF NANPA/PA DETERMINATION**

Numbering determinations are made by the North American Numbering Plan Administrator ("NANPA") and/or the Pooling Administrator ("PA"), depending on the nature of the numbering request. The FCC's rules addressing these matters, however, generalize responsibilities of the NANPA and the PA under the heading "Central office code administration,"<sup>2</sup> and the FCC's Orders addressing these matters allow for challenges of determinations by both entities.<sup>3</sup> Accordingly, this Petition addresses the determination described herein and asks the Commission to direct NANPA and/or the PA to provide the

---

<sup>1</sup> See Exhibit A to this Petition. AT&T South Carolina has redacted certain customer-specific information that is not relevant to this Petition from Boeing's letter.

<sup>2</sup> See, e.g., 47 C.F.R. §52.15.

requested relief to the extent it is within the respective authority and responsibility of NANPA and/or the PA to do so. The denial that is the subject of this Petition impacts AT&T South Carolina customer Boeing.

In support of this Petition, AT&T South Carolina states:

1. AT&T South Carolina is a telephone utility that provides certain services that are regulated by the Commission. Among other things, it provides intraLATA, local exchange telecommunications services in various portions of South Carolina, including the Mt. Pleasant exchange.

2. NANPA is an independent non-governmental entity that is responsible for administering and managing the North American Numbering Plan (“NANP”).<sup>4</sup>

3. The PA is an independent non-governmental entity that is responsible for administering thousands-block number pooling.<sup>5</sup>

4. On March 31, 2000, the FCC issued an Order relating to numbering resource optimization.<sup>6</sup> The goal of the *First NRO Order* was to implement uniform standards governing requests for telephone numbering resources in order to increase efficiency in the use of existing telephone numbers and to avoid further exhaustion of existing numbers.

---

<sup>3</sup> See Third Report and Order and Second Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, *Numbering Resource Optimization; etc.*, 17 FCC Rcd 252, ¶61 (2001) (“*Third NRO Order*”).

<sup>4</sup> See 47 C.F.R. § 52.13 (a), (b).

<sup>5</sup> See 47 C.F.R. §52.7(g). See also 47 C.F.R. §52.20 (“Thousands-block number pooling is the process by which the 10,000 numbers in a central office code (NXX) are separated into ten sequential blocks of 1,000 numbers each (thousands-blocks), and allocated separately within a rate center.”).

<sup>6</sup> See Report and Order and Further Notice of Proposed Rule Making, *Numbering Resources Optimization*, 15 FCC Rcd 7574 (2000) (“*First NRO Order*”).

5. Among other things, the FCC required that, to qualify for access to new numbering resources, applicants must establish that existing inventory within the applicant's rate center will be exhausted within six months of the application. The FCC reaffirmed this requirement in two subsequent orders.<sup>7</sup> Prior to this ruling, the Central Office Code Assignment Guidelines used to make code assignments required the applicant's existing number inventory within the applicant's serving switch to exhaust within six months of the code application or the carrier had to prove that it was unable to meet a specific customer's request with its current inventory of numbers in order for a code to be assigned.

6. In addition to the months-to-exhaust ("MTE") requirement described above, the FCC's rules also required carriers to meet a rate center utilization threshold of 60 percent in order to receive additional numbering resources in a given rate center.<sup>8</sup> The utilization threshold has increased by five percent per year, and it has now reached the maximum of 75 percent. Based on the FCC's orders, carriers must meet both the six months MTE requirement and the utilization threshold on a rate center basis in order to obtain numbering resources.<sup>9</sup>

7. On or about February 5, 2010, AT&T South Carolina submitted a Pooling Administration System request for the assignment of three consecutive thousands-blocks in the Charleston exchange to go with its customer's expressed needs for its new facility. In order to meet the customer's express request for numbers,<sup>10</sup> AT&T South Carolina requested the

---

<sup>7</sup> See Second Report and Order, Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, and Second Further Notice of Proposed Rulemaking in CC Docket No. 99-200, *Numbering Resource Optimization*, 16 FCC Rcd 306 at ¶29 (2000) ("*Second NRO Order*"); *Third NRO Order* at ¶¶48-49.

<sup>8</sup> See *Second NRO Order* at ¶22; *Third NRO Order* at ¶¶50-52.

<sup>9</sup> *Third NRO Order* at ¶¶50-52.

<sup>10</sup> See Exhibit A to this Petition.

assignment of three consecutive thousands-blocks, noting that 843-641-1, 2, 3 are available in the pool list.<sup>11</sup> As AT&T South Carolina does not have the existing numbers to meet the customer's request, AT&T South Carolina is requesting that these numbers be assigned to it.

8. AT&T South Carolina's application was completed in accordance with Industry Numbering Committee ("INC") guidelines, and AT&T South Carolina filled out the necessary Month-to-Exhaust Certification Worksheets as required.

9. At the time of the filing of the numbering resource request, the Charleston Rate Center had a MTE of 94.727 months to 96.069 months for the blocks specified in the request, and a utilization of 67.879%.<sup>12</sup>

10. Thereafter, also on February 5, 2010, AT&T South Carolina's request was denied because AT&T South Carolina had not met the rate center based MTE criterion now set forth in the INC Guidelines.<sup>13</sup> AT&T South Carolina's numbering resource requests were denied despite the fact that AT&T South Carolina does not have adequate numbering resources needed to satisfy this customer's demands in the Charleston Rate Center.

11. AT&T South Carolina's inability to provide this important customer with the requested numbering resources prevents AT&T South Carolina from providing the quality of service this customer desires, needs, and expects. If AT&T South Carolina is not assigned the numbering resources needed to meet the customer's request, AT&T South Carolina will be unable to provide telecommunications services requested by its customer. The refusal to grant numbering resources sufficient to meet the needs of this customer is inconsistent with the FCC's

---

<sup>11</sup> See Exhibit B to this Petition.

<sup>12</sup> See *Id.*

<sup>13</sup> See *Id.*

position that “(u)nder no circumstances should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources.”<sup>14</sup>

12. Both the FCC’s rules and the INC Guidelines provide that state regulatory authorities have the power and authority to review a decision to deny a request for numbering resources.<sup>15</sup>

13. Prior to the FCC’s Order and the resulting change in the INC Guidelines, the applicable MTE procedures permitted a carrier to receive a code assignment, even if the MTE requirement at the switch level was not met. These waivers or exceptions were granted where customer hardships could be demonstrated or where the service provider’s inventory did not have a block of sequential numbers large enough to meet the customer’s specific request. Under today’s procedures, numbering determinations are based on the MTE for the entire rate center without any exceptions. The FCC has determined, however, that States may grant relief “if a carrier demonstrates that it has received a customer request for numbering resources in a given rate center that it cannot meet with its current inventory.”<sup>16</sup> In addition, the FCC has ruled that, “States...may grant requests for customers seeking contiguous block of numbers.”<sup>17</sup>

---

<sup>14</sup> *Second NRO Order* at ¶ 61.

<sup>15</sup> *See Third NRO Order*, Appendix A, Final Rules, § 52.15(g) (4) (“The carrier may challenge the NANPA’s decision to the appropriate state regulatory commission”); *Third NRO Order* at ¶¶ 61-66; *Central Office Code (NXX) Assignment Guidelines*, INC 95-407-009, § 13.0 (rev. April 26, 1999)(CO Code Guidelines) (“Appeals may include but are not limited to one or more of the following options: . . . C. The CO Code Administrator(s) and code holders/applicants may pursue the disagreement with the appropriate governmental/regulatory body”).

<sup>16</sup> *Third NRO Order* at ¶ 64.

<sup>17</sup> *Id.*

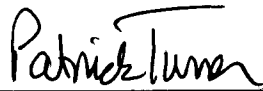

14. AT&T South Carolina requests that the Commission reverse the decision to withhold numbering resources from AT&T South Carolina because that decision interferes with AT&T South Carolina's ability to provide telecommunication services to its customers as required under South Carolina law.

15. This Commission (see Docket No. 2002 -185-C, Order No. 2002-415) and other state regulatory agencies in Alabama, Florida, Georgia, Louisiana, North Carolina, and Tennessee similarly have recognized their jurisdiction and authority to review numbering denials and to order the release of number resources to AT&T South Carolina to meet customer needs.

**WHEREFORE**, AT&T South Carolina requests that the Commission:

- A. Reverse the decision to deny AT&T South Carolina's request for additional numbering resources;
- B. Direct NANPA and/or the PA (to the extent it is within the respective authority and responsibility of NANPA and/or the PA to do so) to provide three consecutive thousands-blocks in the Charleston exchange; and
- C. Grant the requested relief as soon as possible.

Respectfully submitted this 8th day of February, 2010.

Re: Request block of 3000 consecutive numbers

This is a request for a new block of assigned numbers for our new 787 Dreamliner Factory site in North Charleston, SC. We are requesting 3000 consecutive numbers and require the first 500 number be installed at our site by March 1, 2010 and 2,500 numbers installed by December 1, 2010.

The address details are:

SITE NAME: 787 Factory at NORTH CHARLESTON, SC

SITE ENTITY: THE BOEING COMPANY

BLDG #: [REDACTED]

FLOOR: [REDACTED]

ROUTER LOC: [REDACTED]

STREET [REDACTED]

CITY, ST: NORTH CHARLESTON, SC

ZIP CODE: 29418

NPA/NXX: 843-207

If you have any questions please contact, Tino Santa Cruz, Boeing PA at [REDACTED]

or Roxanne Yasuda at [REDACTED] our AT&T Account Executive.

Sincerely,

**02/05/2010**

Requested Block Effective Date: <sup>viii</sup>  
**03/08/2010**

☐ By selecting this checkbox, I acknowledge that I am requesting the earliest possible effective date the Administrator can grant. Please note that this only applies to a reduction in the Administrator's processing time, however the request will still be processed in the order received.

Request Expedited Treatment? (See Section 8.6) Yes      No      **X**

**1.4 Type of Service Provider Requesting the Thousands-Block :**

- a) Type of Service Provider : **Incumbent Local Exchange Carrier (ILEC)**  
(LEC, IXC, CMRS, Other)
- b) Primary type of service Blocks to be used for : **Wireline**
- c) Thousands-Block(s) (NXX-X) assignment Preference (Optional)  
**CUSTOMER IS REQUESTING 3000 CONSECUTIVE NUMBERS AND 843-641-1,2,3 ARE AVAILABLE IN THE POOL LIST.**
- d) Thousands-Block(s) (NXX-X) that are undesirable for this assignment , if any  
**ALL OTHERS.**
- e) If requesting a code for LRN purposes, indicate which block(s) you will be keeping(the remainder of the blocks will be given to the pool)

**1.5 Type of Request:**

Initial block for rate center : Yes      If Yes , attach evidence of authorization and proof of capability to provide service within 60 days.

Growth block for rate center : Yes      **X**      If Yes , attach months to exhaust worksheet

☐ By selecting this checkbox, I acknowledge that I am willing to accept a block in red and explicitly understand that the underlying CO code may not yet be activated in the PSTN and loaded in the NPAC on the block effective date.

Type of change(Mark all that apply)

☐ OCN:Intra-company <sup>ix</sup> ☐ Switching Id ☐ Part 1B

☐ OCN:Inter-company <sup>x</sup> ☐ Effective Date

Change block : Yes      If Yes , list NPA-NXX-X

**1.6 Block Return :**

- a) Is this block Contaminated Yes      No
- b) If Yes how many TNs are NOT available for assignment :
- c) Have all new Intra SP ports been completed in the NPAC Yes      No
- d) Has this block been protected from further assignment Yes      No

Disconnect block : Yes                      If Yes , list NPA-NXX-X

Remarks: **CUSTOMER IS REQUESTING 3000 CONSECUTIVE NUMBERS AND 843-641-1,2,3 ARE AVAILABLE IN THE POOL LIST.**

I hereby certify that the above information requesting an NXX-X block is true and accurate to the best of my knowledge and that this application has been prepared in accordance with the Thousands-Block (NXX-X) Pooling Administration Guidelines(ATIS-0300066) available on the ATIS web site (<http://www.atis.org/inc>) or by contacting [inc@atis.org](mailto:inc@atis.org) as of the date of this application.

**MARTA ANTELO**

Signature of Block Applicant

**ASSOC  
TECH  
SUPPORT    02/05/2010  
ANLYS  
NTWK**  
Title                      Date

**Instructions for filling out each Section of the Part 1A form:**

Section 1.1 Contact information requires that Service Providers supply under "Block Applicant" the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the correct phone, fax, and e-mail address. The Pooling Administrator section also requires the Service Provider to fill in the Pooling Administrator's name, address, phone, fax and e-mail.

Section 1.2 Service Providers who need a thousands-block assignment or for an Location Routing Number (LRN) are required to fill in this section. If needed for an LRN, a CO Code Application needs to also be submitted to the PA. The Service Provider should supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the Telcordia<sup>TM</sup> LERG<sup>TM</sup> Routing Guide. The Operating Company Number (OCN) assigned to the service provider and the OCN its parent company. An OCN is a four-character alphanumeric assigned by Telcordia<sup>TM</sup> Routing Administration (TRA). In addition, the number of thousands-blocks requested should be supplied. The Switch Identification as well as the city or wire center name, rate center, rate center sub zone, homing tandem and CLLI<sup>TM</sup> tandem of the facilities based provider<sup>xi</sup>. Explanations of these terms may be found in the footnotes.

Section 1.3 The date the Service Provider completes the application should be entered in this section, as well as the Effective Date of the requested thousands-block.

Section 1.4 Service Providers should indicate their type, e.g., local exchange carrier, competitive local exchange carrier, interexchange carrier, CMRS. They also indicate the primary type of business in which the numbering resource is to be used. Service Providers also may indicate their preference for a particular thousands-block, e.g., 321-9XXX, or indicate any thousands-blocks that may be undesirable, e.g., 321-6XXX.

Section 1.5 Service Providers indicate the type of request. Initial requests are for first applications for thousands-blocks in a rate center, growth for additional thousands-blocks in a rate center in which the applicant already has numbering resources, and provide the required evidence as ordered by the FCC.

Section 1.6 Service Providers must indicate the updated/current information in regards to contaminated TNs on the block they are returning to the pool. Blocks with over 10% contamination (101 TNs or more) shall not be returned to the pool unless they meet criteria outlined in section 9.1.2 of these Guidelines. If the block being returned is over 10% contaminated the PA shall seek a new block holder. If question c and/or d have a response of No, the request for return shall be denied. The thousands-block applicant certifies veracity of this form by signing their name, and providing their

title and date.

**Foot Notes :**

- <sup>i</sup> Identify the type of change(s) in Section 1.5.
- <sup>ii</sup> The Pool Administrator is available to assist in completing these forms.
- <sup>iii</sup> A CO Code application will also need to be submitted to the PA.
- <sup>iv</sup> Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments should contact NECA (800 524-1020) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignments should direct questions regarding appropriate OCN usage to (TRA) (732-699-6700).
- <sup>v</sup> This is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the 11 character CLLI<sup>TM</sup> code of the switch /POI.
- <sup>vi</sup> Rate Center name must be a tariffed Rate Center.
- <sup>vii</sup> Acknowledgment and indication of disposition of this application will be provided to applicant within seven calendar days from the date of receipt of this application. An incomplete form may result in delays in processing this request.
- <sup>viii</sup> Please ensure that the NPA-NXX of the LRN to be associated with this block(s) is/will be active in the network prior to the effective date of the block(s).
- <sup>ix</sup> Select if you are the current Block Holder.
- <sup>x</sup> Select if you are not the current Block Holder
- <sup>xi</sup> Telcordia, LERG Routing Guide, and CLLI are trademarks of Telcordia Technologies, Inc.

I. Utilization<sup>6</sup> Assigned Numbers(B) - Excluded Numbers(D) X 100 =  
 = 67.879

Total Numbering Resources(C)-Excluded Numbers(D)

Explanation:

<sup>1</sup>A copy of this worksheet is required to be submitted to the Pooling Administrator when requesting additional numbering resources in a rate center. For auditing purposes, the applicant must retain a copy of this document.

<sup>2</sup>Quantity of numbers activated in the past 90 days is based on blocks and/or codes received from the administrator and shall be reported in increments of 1,000 or 10,000 TNs (e. g.: 2 blocks received=2,000 and 1 code received =10,000).

<sup>3</sup>Net change in TNs no longer available for assignment in each previous month, starting with the most distant month as Month #1, and Month #6 as the current month.

<sup>4</sup>Forecast of TNs needed in each following month, starting with the most recent month as Month #1.

<sup>5</sup>To be assigned an additional thousands-block (NXX-X) for growth, "Months to Exhaust" must be less than or equal to 6 months. (FCC 00-104, section 52.15 (g) (3) (iii)).

<sup>6</sup>Newly acquired numbers may be excluded from the Utilization calculation (FCC 00104, section 52.15 (g) (3)(ii))

☒ **Form Complete, request denied.**

Explanation:

**DR-57: You do not meet the MTE and/or Utilization requirements, therefore this request for a new block is denied. You may proceed with requesting a State Waiver from the appropriate state commission using this Part 3 denial. If you are in disagreement with the disposition of this request, please refer to the Thousands-Block Number (NXX-X) Pooling Administration Guidelines for the appeals process.**

☐ **Request withdrawn.**

Explanation:

☐ **Assignment activity suspended by the administrator.**

Explanation:

**Remarks:**

<sup>1</sup> This is an eleven-character descriptor provided by the owning entity for the purpose of routing calls. This must be the CLLI <sup>TM</sup> Location Identification code of the switching entity/POI shown on the Part 1A form (Telcordia, LERG ROUTING Guide and CLLI are trademarks of Telcordia Technologies, Inc.)
